

## 1 HP GRINDER PUMP | 16G SERIES

Offered in 115V and 230V options, the 16G Series is designed as a new or replacement grinder pump for the toughest residential and light commercial wastewater applications. Ideal for use as a drop-in replacement for any effluent or sewage pump struggling with clogs and binding.

### FEATURES & BENEFITS

- 1. Heavy-duty 1 hp Class F Motor:** Optimal power to prevent flushables and other debris from causing clogs and downtime.
- 2. A Cut Above:** Proven grinding results based on the patented cutting mechanism in Franklin Electric's 2 hp grinder pump. 27 stationary blades and eight rotating blades produce 3450 rpm and 745,200 cuts per minute.
- 3. Replacement Versatility:** 1-1/4" discharge and 2" NPT adapter discharge preassembled onto the pump.
- 4. Silicon Carbide Mechanical Seal:** Up to six times longer seal life with lower thermal expansion and higher abrasion resistance when compared to carbon ceramic seals.
- 5. 20' Power Cord:** Easily replaceable and sealed at the connection point for unit protection against water.
- 6. Performance Options:** Both 115V and 230V models are offered with vertical and tethered float switch options.
