

RIPTIDE Flow Testing System™

The Riptide is a stackable, totally modular and universally compatible flow testing system.

- 5 unique diffusers with one, to as many as four 2.5" fire hose connections PER DIFFUSER.
- Cam-locks come standard, so there are no additional costs to stack.
- Built from 3/16" formed & welded powder coated steel

Sturdy, self-serviceable, built-in pitot, stackable with an integrated stacking system that comes standard with each version, portable, universally compatible with each other and totally modular for field configuration on the fly.

Double Action Riptide shown with sidemount Gauges at 9:00 position for easy reading

Glycerine Filled Calibrated Gauges
0-200 psi, Side Mount
Includes Certificate from Manufacturer

Riptide Water Cannon Flow Tube Assembly
Flow water to open atmosphere
2-1/2" quick connect
item #6510951
