

BRASS SPRINKLER EXTENSIONS

Designed to be used as sprinkler head extensions when a drop nipple length has been cut too short or when the finished ceiling has changed from its intended location. Using the appropriate length extension will allow for realignment of the sprinkler head without removing and recutting the drop nipple.

- Forged brass body
- Hex shape for installation with wrench
- Fire safe
- One piece forged solid brass construction
- Available in 1/2" or 3/4" IPS and several lengths.
- Significant cost savings to the sprinkler installer.

Material: Brass* - B16

* Contains lead. Not for use in water systems intended for human consumption.

1/2" IPS	3/4" IPS	Size
6520240	6520245	x 1/2" length
6520241	6520246	x 3/4" length
6520242	6520247	x 1" length
6520243	6520248	x 1-1/2" length
6520244	6520249	x 2" length

Caution: Do not exceed 15 foot pounds torque. Over tightening will cause the sprinkler extension to crack and leak.

USE THIS PRODUCT AT YOUR OWN RISK. ARGCO WILL NOT PROVIDE FOR REPLACEMENT OF THIS PRODUCT NOR WILL WE BE RESPONSIBLE FOR ANY DIRECT OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH THE USE OF THIS PRODUCT. This product should only be used when no other installation option is available and then only installed under controlled and supervised conditions. This product has neither been tested nor approved by any agency or authority as being a universally accepted product for the extension of sprinklers. Over-tightening will cause failure of the brass sprinkler extensions in almost every case. By installing this product you acknowledge that you accept responsibility for use of this product.
